OF TORRANCE
"THE HOME OF THRIFT"

EVEN IF YOU COULD "COAST" EVERYWHERE
IN THE OLD "BUS"
IT WOULD COST YOU MORE THAN
PACIFIC ELECTRIC FARES

The Gas you burn is only a small item in your total cost of operation. Add to that the cost of oil, rubber, repairs and depreciation in the value of the machine, and see "where you are getting off."

The Government says it is costing you from 9c to 14c per mile.
You can ride the Pacific Electric way for 3c per mile for the occasional journey and for about 1 1/2c per mile for the frequent (commutation) trips.

"CAN YOU BEAT IT?"
YOU CAN NOT!

Ask any Pacific Electric Agent for the Commutation Fare on tickets best adapted to your travel. He will show you the true way to travel economy, and you do not carry the accident risk.

an entertainment which in the city of Los Angeles costs anywhere from fifty cents to a dollar, and their prices were only twenty cents on the opening night, when they could have, had he wished to gouge the Torrance people, charged a much higher admission. Mr. and Mrs. McVey deserve great credit, and in return Torrance should get behind the new lessees and give them their wholehearted support.

It is estimated that at least 1500 people passed through the doors of the new theatre Wednesday evening, which proves that the need of a theatre was very great.

The new \$13,000 organ added greatly to the entertainment, and is an instrument that is seldom found in any city the size of Torrance. Mr. King at the console has the knowledge of music, and his opening number, "Light Cavalry," overture, was received with the greatest of enthusiasm.

Mrs. Carlson rendered two very sweet numbers, which were equally well received and another feature of the management's policy of "the best to be had."

There will be an entire change of program every day, another feature that is seldom found in cities the size or age of Torrance. Even the nearby beach cities run their programs for at least two days without change.

Every one who attended the opening show remarked about the comfort of the seats and the good fresh air furnished through the up-to-date ventilating system.

That everyone enjoyed themselves and are proud to have such a place of amusement as is being conducted by Mr. and Mrs. McVey is small appreciation to put in words, so let's get behind the management and show them how we really appreciate their efforts by our continued patronage.

ROAST PIG DINNER

"On with the dance." This is the spirit of a live bunch of boosters in Lomita, who have planned another unique social evening for Saturday, October 15. They have engaged the Elks' Club Jazz Orchestra for that night, and the committee in charge is making arrangements for a roast pig dinner to be served in the room occupied by the J. W. Barnes Co., dry goods and furnishings for men, children and women, in the new brick building. Dinner will be served from 6:00 to 8:00—and the dance. This affair is being planned and supervised by the "Hall Trustees," and all receipts are to go toward paving for repairs on the hall. Tickets are 50c. a dozen.

SERIOUS ACCIDENT TO NIGHT WATCHMAN

Sam Boucher, head night watchman for the Union Tool Company, had a narrow escape from instant death while on duty at 4:10 a. m. Tuesday. He was crawling through a railing to turn off the steam when his revolver dropped from its holster to the cement floor, which caused the gun to discharge. The bullet entered the front of his neck, missing the jugular vein by a quarter of an inch, and passed out at the back of his shoulder, after going through twelve inches in the body. L. J. Smith, production superintendent, and Harry Doble, who has charge of the employment office, were immediately called. They summoned Dr. Lancaster, who rendered first aid, and then Mr. Smith and Mr. Doble rushed the wounded man to the Golden State Hospital, where it is reported that he is doing as well as possible. Mr. Boucher has followed this line of work for years, and has always carried a gun, but this is the first time he has ever had an accident of any kind, and this proved to be so serious, and at the same time lucky.

The Torrance Relief Society held their regular meeting Tuesday afternoon in the library.

MASONIC LODGE

P. T. A. NEXT WEDNESDAY

The regular meeting of the P. T. A. will be held Wednesday, October 12, in the kindergarten room. A full attendance of members is desired, as there is considerable important business to be transacted. The matter of purchasing a new picture machine will be taken up at that time, and we wish every member to have a voice in the decision. It has been arranged to have a machine demonstrated at that meeting.
